

Second Annual

FLORIDA KEYS POKER PADDLE 8/5/2017

100% of the proceeds goes to Children of Wounded Warriors

This year's Poker Paddle will be supporting Children of Wounded Warriors a local, South Florida recognized 501(c)(3) charitable organization dedicated to the children of fallen or wounded US Military, Law Enforcement, and Fire Rescue personnel. The vision of Children of Wounded Warriors is to support these children in need of financial support by offering grants to support and maintain their extra-curricular activities, such as sports, arts, or any other activity the child participates in which enriches him/her to continue to grow spiritually and emotionally. These grants offer the opportunity to maintain a level of normalcy, relieve the stress that accompanies these tragedies and maintain some daily routine to keep together bonds and friendships.
